Ann Arbor’s LOCATION for STARTUPS

COLLABORATION. INNOVATION. GROWTH.
Expertise to help companies move quickly from idea to commercialization of technology-based products and services, all in the heart of downtown Ann Arbor.

"We’ve benefited from the breadth of services that the SPARK Central Innovation Center offers. We have met investors, benefited from office space and made connections that have helped our business grow and succeed."
—Molly McFarland,
AshAdapted Founder

"We strategically chose to locate in Ann Arbor to be close to customers, supply partners and world class talent."
—William Crane,
Founder & CEO at IndustryStar

"I like being around other companies, collaborating and sharing expertise."
—Christina York,
Founder of SpellBound

"SPARK provided tangible help such as finding interns, access to funding and the support we needed to scale and graduate from the SPARK Central Innovation Center to our own space in Ann Arbor."
—Lisa McLaughlin,
Co-Founder Workit Health

Experience matters.
Since 2007, Honigman has represented investors and portfolio companies in venture financings totaling over $2 billion.

“Techstars has partnered with Barokas PR for years. It’s always refreshing to work with a tenacious PR team that has a deep understanding of established and emerging industries, early-stage startups and companies prepping to IPO.

Barokas PR’s latest office opening in Detroit will help to propel the storytelling of the Midwest region at large.”

Ted Serbinski
Managing Director at Techstars
DEVELOPING YOUR IDEAS

Applied Licensing will help you realize the full potential of your intellectual property assets. We advise inventors and businesses on all stages of IP development and licensing.

**MVCA Overview**
Michigan Venture Capital Association is excited to release its 2017 Michigan Entrepreneurial & Investment Landscape Guide, a tool that connects people with the amazing resources and organizations in Michigan!

One of the primary goals of the Michigan Venture Capital Association is to foster a collaborative entrepreneurial and investment community. With this guide, people can quickly identify information to help them connect with capital, community, talent, and research. These connections help Michigan build a stronger entrepreneurial and investment community, creating more economic opportunities for everyone in the long run.

Find overviews, contact information, and investment criteria for angel groups and venture capital firms.

Identify programs offered, resources available, and company stages/sectors served by entrepreneurial support organizations and service providers.

Search by a specific region using the interactive Landscape Map online to find all these organizations PLUS startup companies!

Access the information anytime, anywhere at www.MichiganVCA.org!
Michigan entrepreneurs are served by 2,476 professionals working at 152 organizations.

paul@damato.us, 616-836-0386

Grand Angels makes investments in new ideas that will have a positive effect on our world. It measures this through business growth, job creation, and the attraction and retention of talent to West Michigan. Established in 2004, the group only invests in companies based in Michigan and bordering states. To the entrepreneurs in whom they invest, Grand Angels brings engaged, experienced business leaders who provide both financial and intellectual capital.

DOV ROSENBERG - Venture Partner
dov@allosventures.com, 513-723-2309
JULIE WHITEHEAD - CFO
julie@allosventures.com, 513-723-2302

Allos invests in early-stage companies, augmenting the capital provided by founders and angel investors who have helped the companies reach a stage at which they have initial customers and are ready for their first institutional financing round. Allos believes an “engaged” approach to venture capital investing is critical to the success of these companies. The firm works closely with its partner companies to help them leverage the business-building skills and resources developed by their team, as well as those of their investors, most of whom are successful entrepreneurs.

Cascade Partners is an investment banking and private investment firm serving entrepreneurs, businesses and investors active in the middle market. Drawing on the deep management, investment and transaction experience of its principals, Cascade Partners provides the guidance and resources necessary to navigate the complexities of managing growth through acquisitions, divestitures, financing and other strategic initiatives.

Cascade Partners manages Cascade Growth Partners (CGP), an operationally-focused private investment fund that provides growth capital to healthcare, value-added manufacturing and technology-enabled service businesses. CGP funds growth financings, acquisitions, management buyouts and change-of-control transactions. CGP invests in the lower-middle market companies with EBITDA between $500,000 and $5,000,000. CGP targets healthcare, value-added manufacturing, and technology-enabled businesses that have strong growth potential.

HEADQUARTERS: 4219 Woodward Ave., Suite 300, Detroit, MI 48201

Staff:
PATTI GLAZA - Managing Director
MARTIN DOBER - Managing Director
ADRIAN OHMER - Principal

Invest Detroit Ventures was founded in 2010 and has invested in over 80 companies since inception based on the philosophy that, while the firm cannot invest in every entrepreneur, its team can provide assistance to every one of them. Invest Detroit Ventures is committed to supporting the entrepreneurial ecosystem with capital, ongoing mentorship, and community engagement. The firm implements targeted venture development programs to help build and promote scalable businesses in the region. The team is committed to growing a robust tech community in Detroit and throughout Michigan. They are collectively focused on implementing an investment strategy that is inclusive and supportive of minority, immigrant, and women entrepreneurs.

Invest Michigan is a Michigan nonprofit corporation and the fund manager for the Michigan Pre-Seed Fund II, a $10.5 million investment fund providing capital to early-stage technology companies in Michigan. Its funds come from the state’s Michigan Strategic Fund but are governed by a private independent board of directors, and its investment decisions are independent of the State, as are the members of its leadership team.

Ludlow operates differently because it’s a different kind of VC. It believes in VC without ego. The team wears their hearts on their sleeves, avoiding the puffery and posturing that has given venture capital a bad name. The firm funds the dreams of entrepreneurs and startups, becoming close friends with all of the teams they invest in. VC is a customer service business; whether it's testing product, leveraging their network, or encouraging people to download a company's app, becoming close friends with all of the teams in which they invest.

Mercury Fund is an early-stage venture capital firm. Mercury focuses on entrepreneurs and technology innovation originating in the U.S. Midcontinent. Its investment themes target SaaS, Cloud, and Data Science/AI platforms. Over a decade ago, Mercury recognized the rise of entrepreneurs and innovation in the underinvested Midcontinent. The firm's venture investment strategy leverages its unparalleled network of Midcontinent startup development organizations, corporate innovation partners, and co-investors to assist entrepreneurs with the resources they need to rapidly scale their businesses. The firm believes now, more than ever, the Midcontinent represents a great venture capital opportunity.

MIKE SMERKLO - Managing Director, Founder  mike@nextcoastventures.com, 650-814-9469

Next Coast Ventures focuses on supporting the best entrepreneurs in the world as they build their businesses. Instead of focusing on sectors, its investment strategy focuses on thematic investing where the firm is constantly reflecting on what it sees in the marketplace. The firm especially likes to invest in entrepreneurs who are building disruptive companies in big industries. Next Coast's focus is Series A and Series B rounds. The firm looks to lead rounds and take board seats where appropriate.

HEADQUARTERS: 326 W. Liberty, Suite 5, Ann Arbor, MI 48103

Staff:
BEN TRUMBULL - Co-Founder/Partner
MARK SHARY - Co-Founder/Partner

Tamarind Hill provides entrepreneurial stage capital to fast-growing, recurring revenue model, software-enabled companies addressing healthcare business needs or supply chain efficiencies. The firm focuses on opportunities throughout the lower Great Lakes region from its Ann Arbor and Columbus offices. Tamarind Hill is often the lead institutional investor in a Series A round with check size from $1.0-2.5 million; it also participates with smaller investments in earlier rounds to partner with Series A prospects. The firm has significant experience with entrepreneurial stage companies and knows where it can add value by challenging but not second-guessing management.

Three Leaf Ventures firmly believes that people’s lives will continue to benefit from the advance of wireless, mobile and communication technology. Combined with a shift in how people think about their health, technological advances will pave the way for a transformation of the current system. Three Leaf Ventures has a dedicated focus to invest with passionate individuals that are aligned with driving this change. Its thesis incorporates three prominent themes: 1.) involving an increasingly proactive, educated and invested consumer of healthcare; 2.) leveraging significant advances and penetration of wireless and mobile communication technology, and 3.) pursuing a shift to individualized healthcare from population-based medicine.

WMU Biosciences Research & Commercialization Center

www.brcc.wmich.edu

HEADQUARTERS: 4717 Campus Drive, Kalamazoo, MI 49008

Staff:
STEVE HAAKENSON - Executive Director

WMU Biosciences Research & Commercialization Center (BRCC) is based at West Michigan University and was established in 2003 with a special $10 million appropriation from the Michigan Legislature as a nonprofit investor, designed to provide seed funding to early-stage companies focused on the life science sector. BRCC considers a wide range of life science technologies across all indications, including but not limited to: biotech therapeutics, diagnostics, medical devices, software, food, environmental and analytical services. BRCC also provides growth capital funding to Contract Research Organizations (CROs) and Contract Manufacturing Organizations (CMOs) already servicing and on the market. The economic development focus of the BRCC aims to promote the growth of Michigan's life sciences business sector and collaborates with the state’s entrepreneurial resource service providers.

A2 Health Hacks
www.a2healthhacks.org
BEATRIX BALOGH - Director
a2healthhacks@gmail.com

In 2014, investors pumped $6.5 billion into 459 health technology startups across the United States, many of which originated at hackathons. Traditionally, a hackathon is where a large group of coders come together to collaborate to create usable software or ideas. A2 Health Hacks turns this idea on its head and brings together hackers, makers, entrepreneurs, and healthcare professionals to build on everyone's collective knowledge and experience to tackle some of the industry's most complicated issues.

Ann Arbor New Tech
www.meetup.com/a2newtech
BRIAN KELLY - Host and Co-organizer
organizers@a2newtech.org, 703-628-6937

The Ann Arbor New Tech meetup welcomes members from any school, sector, or industry function (entrepreneurs, technologists, investors, lawyers, marketers, students, etc.) interested in local high-tech startups. They seek to foster tech entrepreneurship by facilitating communication, providing access to resources, and creating community. Members meet every few weeks to participate in demo events, educational panels and speaker events, unconferences, and happy hours. Their flagship event (five companies each get five minutes to demo, five minutes to answer questions, then open announcements and networking) is the third Tuesday of each month at the University of Michigan’s Law School.

Royal Oak, MI
JAIDEEP RAJPUT - Director of Commercialization - jaideep.rajput@beaumont.org, 248-551-0255

Beaumont Health, a major healthcare system serving Michigan and beyond, recognizes the inherent value of research as a major contributing factor to future improvements in healthcare delivery and the health of its local and global communities. Beaumont Research Institute strengthens Beaumont’s ability to conduct medical research and supports strong translational research in numerous areas, including Orthopedics, OB-GYN, Urology and Radiation Oncology. Beaumont Commercialization oversees the development, patenting and licensing of Beaumont technologies with the goal of bringing technology from idea to market and can also serve as a conduit to outside parties seeking collaborations with Beaumont researchers.

BioArbor
www.michbio.org
Ann Arbor, MI
SARAH MURCHISON - Chairperson - smurchison@newperspectives-us.com, 734-527-9150

BioArbor, an entirely volunteer-run organization, hosts educational networking events for the life sciences industry in the greater Ann Arbor area. BioArbor events explore technology commercialization (product, device, and service), financing strategies, business development, regulatory affairs, marketing, and other topics useful to life science entrepreneurs. Held six times per year, each event features a networking session, invited speaker(s), and a post-presentation Q&A period. Invited speakers from both the national and local ecosystem share experience on topics such as drug discovery and development, medical devices, diagnostics, and tools. BioArbor events are open to the public and are especially suited for those interested in starting or growing life science businesses.

Mount Pleasant, MI
BRUCE MARBLE – Executive Director Marbl1bc@cmich.edu, 989-774-3270

Central Michigan University Isabella Bank Institute for Entrepreneurship is a campus-wide early-stage entrepreneurship and innovation center that provides education, experiential learning, and support for student entrepreneurs to create and incubate business ideas and launch startup ventures. Support programs include workshops and events covering ideation/concept crafting, team building, customer discovery, business model generation, lean startup concepts, pitch competitions, investor presentations, and startup coaching by a pool of alumni and faculty mentors and advisors. Student teams are connected to resources and opportunities throughout the entrepreneurial ecosystem in the state of Michigan. Top teams earn seed funding to launch their business and have the chance to participate in a summer accelerator program.

D-NewTech

www.DNewTech.org

THANH TRAN - Organizer ttran@dnewtech.org

The D-NewTech (DNT) is an organization that provides resources and networking opportunities for the Detroit and Southeast Michigan startup community. DNT hosts monthly meetup events that encourage and highlight the entrepreneurship startups in the region. In addition, DNT collaborates with other organizations to provide meaningful events that support entrepreneurs, including Detroit Startup Week and Detroit Startup Weekend. They welcome members from any school, sector, or industry function (e.g. entrepreneurs, technologists, investors, lawyers, marketers, students, etc.) interested in local high-tech or non-tech startups. DNT started in 2010 and has over 1700 members. Their main event includes an inspirational guest speaker who has lived the entrepreneurship experience and is giving back, followed by four to five startup companies with five minutes to present and five minutes for Q&A, then open announcements and networking. The meetup takes place on the first Wednesday of each month.

MELINDA MARION - Director of Technology Transfer  
mmarion3@emich.edu, 734-487-9237

At Eastern Michigan University (EMU), much of the research has the end goal of developing or improving a product with commercial potential. The Technology Transfer Office at EMU is responsible for business engagement and dissemination of University-developed technology into the marketplace, much of which has broad application in industry. Numerous opportunities for collaboration on research projects or with EMU I-Corps teams are available.

Invent@NMU
www.nmu.edu/invent
Marquette, MI
PAULETTE PERTTUNEN - Professional Mentor
invent@nmu.edu, 906-227-6253

Invent@NMU, based at Northern Michigan University, empowers students, inventors, entrepreneurs, and existing businesses across the state of Michigan. The program is a platform for anyone with a product idea to explore, define, develop and bring products to market. Invent@NMU concentrates on physical products that, when possible, can be sourced or manufactured in Michigan. It’s the first place fledging inventors can go to find out if their ideas are worth pursuing, and if they are, find help to define a path forward.

Michigan SmartZones are regions designated by the Michigan Economic Development Corporation. Organizations within each SmartZone promote resource collaborations between universities, industry, research organizations, government and other community institutions in that region. SmartZone organizations connect individuals to local resources in their area, from employment, investment, expansion and networking opportunities to general information about their region.

What organization should I contact?

1. Find your location on the map and take note of your Traditional Economic Development Region.
2. If there is one or more SmartZone organizations serving your Traditional Economic Development Region, review the listing on page 57 to determine whether one of the SmartZone organizations serves your specific location. Contact the SmartZone organization that serves your specific location.
3. If no organization serves your specific location, contact the closest SmartZone organization to your location within your Traditional Economic Development Region.
4. If there are no SmartZone organizations located in your Traditional Economic Development Region, contact the SmartZone organization closest to your location, even if it is in another Traditional Economic Development Region.
5. If you need assistance finding a SmartZone organization, contact the Michigan Small Business Development Center (find contact information in this guide on page 53).

Ann Arbor, MI  
MAUREEN MILLER BROSnan - Executive Director  
Maureen@MichiganVCA.org, 734-369-4632

Michigan Venture Capital Association (MVCA) is a nonprofit trade organization designed to increase the amount of capital and talent available to venture and angel investors for the funding of Michigan’s most innovative entrepreneurs, as well as to work closely with them to transform breakthrough ideas into new companies and industries that drive Michigan job creation and economic growth. MVCA membership includes private and corporate venture capital funds, angel investors, universities and economic development participants, and service providers. More than 400 individuals are members of MVCA, representing over 100 organizations across the nation.

Detroit, MI  
CAROLYN CASSIN - President and CEO  
ccassin@miwf.org, 313-962-1920

Michigan Women’s Foundation (MWF) works to eliminate the barriers to economic and social equality by developing a scalable model across Michigan that provides access to capital and a strong entrepreneurial ecosystem for women starting and growing businesses with the goal of preparing them to qualify for traditional funding sources. MWF is helping women achieve economic and social equality by providing access to entrepreneurial training, capital and resources to start or grow their businesses.

### MiQuest
**www.miques.org**  
**Lansing, MI**  
**ROB FOWLER - Treasurer**  
rob.fowler@sbam.org, 517-483-8210

MiQuest collaborates with business development, economic development and membership organizations across the state to introduce growth-stage companies from all industries to support resources, opportunities for CEO peer networking and learning, and increased media exposure. By supporting and promoting programs, events, and competitions such as Michigan 50 Companies to Watch, CEO Growth Symposia, and Michigan Growth Capital Symposium, MiQuest connects entrepreneurs to relevant and timely resources. MiQuest researches and publishes the annual Michigan Entrepreneurship Score Card, which has benchmarked metrics across 50 states and has provided a measure of Michigan’s entrepreneurial vitality, climate, and change over the past 12 years.

### Mobile Technology Association of Michigan
**www.gomobilemichigan.org**  
**Detroit, MI**  
**MICHAEL WATZA**  
info@GoMobileMichigan.org, 248-470-3257

The Mobile Technology Association of Michigan (MTAM) is a nonprofit trade association for Michigan’s mobile/wireless (connected) technologies industry, businesses that provide these technologies, and the businesses - in all industries - that use these technologies. They are the first state-based mobile/wireless (connected) technologies trade association in the United States and are focused on increasing demand for Michigan-based mobile/wireless technology products and services within the state, nationally and globally, thereby generating increased entrepreneurial and enterprise-level opportunities and creating sustainable jobs in Michigan. MTAM sponsors Michigan-based growth of the Mobile Monday organization which, to date, boasts 3000+ members in chapters located in Ann Arbor, Detroit, Grand Rapids and Lansing; performs research for members and other interested parties; facilitates idea sharing, entrepreneurial programs, training programs and jobs creation; acts as a liaison with the mobile/wireless tech community inside/outside of Michigan; and serves as a resource for all things related to mobile/wireless (connected) technologies.

**East Lansing, MI**  
**PAUL JAQUES - Director of Student & Community Engagement**  
pjaques@spartaninnovations.org, 517-256-9285

Designed to help both newer and established companies overcome business hurdles, the Conquer Accelerator emphasizes smart planning and growth. Built with a strong bench of more than 40 entrepreneur and business leader mentors, each of the ten weeks in the Conquer program focuses on completing specific goals, as well as working with mentors and instructors on topics like fundraising, technology, and sustainability. The Conquer Accelerator is a collaborative effort between Michigan State University, the MSU Foundation, Spartan Innovations and MSU Federal Credit Union.

www.innovationcenter.msu.edu  
East Lansing, MI  
CHARLES A. HASEMANN - Assistant VP for Innovation & Economic Development  
haseman1@msu.edu, 517-884-2370

Michigan State University (MSU) Innovation Center creates economic value for Michigan from MSU’s intellectual assets through partnering with Michigan companies in R&D, capturing MSU innovations and licensing them for commercial use at existing companies, and starting new companies based on MSU intellectual property and/or MSU student innovations. MSU Innovation Center is a hub for faculty and student experiential learning and creating new startups in Michigan.

MSU Technologies  
www.technologies.msu.edu  
East Lansing, MI  
RICH CHYLLA - Executive Director  
rchylla@msu.edu

MSU Technologies (MSUT) is Michigan State University's technology transfer and commercialization office. MSUT facilitates the commercial development and public use of technologies and copyrightable materials developed by MSU faculty and staff. Housed within the MSU Innovation Center, MSUT moves MSU's technologies from the lab to the marketplace to improve lives and communities locally, regionally, and around the world.

MTRAC Innovation Hub for Advanced Materials  
www.mtu.edu/research/administration/iie/campus-inventors/mtrac  
Houghton, MI  
JOHN DIEBEL - Assistant Director for Technology Commercialization, Innovation and Industry Engagement  
jfdiebel@mtu.edu, 906-487-2228

The MTRAC Innovation Hub for Advanced Materials at Michigan Tech University is a grant program supported by Michigan Tech University and the State of Michigan with the goal of offering gap funding for proof-of-concept, prototype development and other activities appropriate for early-stage technologies. Milestones are designed to create opportunities for significant outside funding or licensing. Institutions of higher education, nonprofit research centers, and hospital systems throughout the State of Michigan are eligible to submit proposals.

MTRAC Innovation Hub for BioMedical
www.research.wayne.edu/techtransfer/index.php
Detroit, MI
SCOTT OLSON - Director scott.olson@wayne.edu, 313-577-1714

The MTRAC Innovation Hub for BioMedical at Wayne State University is a grant program supported by Wayne State University and the State of Michigan with the goal of providing resources to support translational Wayne State research with high commercial potential. The program includes research funding for proof-of-concept and late-stage translational studies, regulatory guidance, business plan development and mentorship from industry and investment experts outside the University. The MTRAC funding focuses on medical devices (including diagnostics), biomaterials (e.g., drug delivery technologies, imaging agents) and healthcare information technology. Institutions of higher education, nonprofit research centers, and hospital systems throughout the State of Michigan are eligible to submit proposals.

MTRAC Innovation Hub for Life Sciences
www.innovation.medicine.umich.edu/innovation-hub
Ann Arbor, MI
BRADLEY MARTIN - Sr. Director of Commercialization Programs bradmart@umich.edu, 734-936-8577

The MTRAC Innovation Hub for Life Sciences at the University of Michigan is a grant program supported by the University of Michigan and the State of Michigan with the goal of providing mid-stage, translational research funding and resources to identify, nurture, and “fast forward” projects with a high potential for commercial success. Projects funded by MTRAC enhance the internal innovation pipeline for long-term success in commercialization. And while invention reports and IP licensing are important milestones for MTRAC projects, positive impacts to human health — as well as job creation — are the ultimate measures of success. Institutions of higher education, nonprofit research centers, and hospital systems throughout the State of Michigan are eligible to submit proposals.

MTRAC Innovation Hub for Transportation
www.cfe.umich.edu/mtrac-transportation
Ann Arbor, MI
ERIC PETERSEN - Commercialization Program Director ericp@umich.edu

The MTRAC Innovation Hub for Transportation at University of Michigan is a grant program supported by University of Michigan and the State of Michigan with the goal of offering gap funding for translational research applications in advanced transportation materials, robotics and autonomy, sensors, electric vehicle drivetrain/propulsion, software/controls/data, and advanced manufacturing processes. The mission of this program is to advance transportation technologies that address poorly met market needs. Since 2013, U-M housed the MTRAC Advanced Transportation program and accelerated the commercial development of mobility projects. Institutions of higher education, nonprofit research centers, and hospital systems throughout the State of Michigan are eligible to submit proposals.

MTU Innovation Center for Entrepreneurship

www.mtu.edu/honors/ice
Houghton, MI

JIM BAKER - Co-Director  jrbaker@mtu.edu, 906-487-3459

The Michigan Tech University Innovation Center for Entrepreneurship is a campus-based early-stage innovation and entrepreneurship center, which provides services and events in support of early-stage entrepreneurs, innovators, and companies. Support programs include I-Corps and other training activities, pitch competition support, networking events, access to mentors, and general startup counseling. Programs are targeted at students and researchers at Michigan Tech but are open to the public and conducted in close collaboration with community-based partners including the Small Business Development Center, MTEC SmartZone, and Innovate Marquette.

MTU Office of Innovation and Industry Engagement

www.mtu.edu/research/administration/iie
Houghton, MI

MIKE MORLEY - Assistant Director of Technology Commercialization  mcmorley@mtu.edu, 906-487-2228

The Michigan Tech University Office of Innovation and Industry Engagement (IIE) works closely with startups and established companies to identify commercial needs and match them with research discoveries, technologies, and faculty expertise that can help overcome technical challenges or present new market opportunities. IIE can act as a single point of entry to craft a relationship which maximizes the value of research and technology development investment from its partners.

New Economy Initiative

www.neweconomyinitiative.org
Detroit, MI

MATTHEW LEWIS - Communications Officer  neicommunications@cfsem.org, 313-961-6675

The New Economy Initiative (NEI) is the largest philanthropy-led economic development initiative in the U.S. working to build a regional network of support for entrepreneurs and small businesses. NEI makes grants (over $150 million since 2008) to entrepreneurial service providers that are helping all types of businesses grow and thrive in metro Detroit. Equity and Inclusion are guiding principles of NEI’s investments.

A special project of the Community Foundation for Southeast Michigan, NEI is supported by 13 national and local foundations.

New Enterprise Forum
www.newenterpriseforum.org
Ann Arbor, MI
STEFAN SYSKO
President@NewEnterpriseForum.org, 248-534-5917

The New Enterprise Forum (NEF) is an all-volunteer organization of experienced service providers, entrepreneurs, and executives. The organization provides coaching at no cost to startup entrepreneurs to perfect their investor pitches. They critique and provide insights on the pitch’s content, including both business and investor perspectives, to help the team succeed. The organization also helps companies connect with local and regional investors as well as other resources. Startups have the opportunity to present their pitches to the entrepreneurial community at one of NEF’s monthly Forum meetings, with follow-on distribution of their executive summaries to NEF’s curated list of investors.

NSF International Applied Research Center
www.nsf.org
Ann Arbor, MI
JESSE D. MILLER - Director jdmiller@nsf.org, 734-707-5413

The NSF Applied Research Center (ARC) is NSF International’s research and development arm, providing custom R&D services to academia, industry, and government. Services include proof-of-concept testing, method development, product validation/commercialization, next generation sequencing, clinical health services, toxicology, and risk assessment. The ARC furthers NSF’s mission of public health and safety by supporting scientific innovation and leadership. The ARC forms strategic partnerships with academia (researchers and tech transfer centers), industry (startups through Fortune 500 companies) and regulatory bodies for research and development to promote innovative public health solutions in the food, water, healthcare, sustainable products and consumer goods sectors.

re:purpose
repurpose.co
RYAN LANDAU - Founder ryan@repurpose.co, 888-848-7686

re:purpose is a curated marketplace that matches highly curated talent with startup companies. The company leverages their placement algorithm and curation team to make matches. They are the only company in the world that matches based on culture. Yes, they’ll match based on role and compensation, too. But that’s the easy stuff! The company wants everyone to be able to pursue their passions and be a part of something greater than themselves.

Southeast Michigan Entrepreneurs Association
www.semea.org
Southfield, MI
ZALONYA ALLEN, PHD - Executive Director
administrator@semea.info, 248-491-3146

The South East Michigan Entrepreneurs Association (SEMEA) is the #1 organization for entrepreneurs in the state of Michigan. SEMEA was established in December 2010 as a networking and support group for entrepreneurs and small business owners. Since that time, they have built a network of over 5,000 entrepreneurs statewide. The organization began out of a need to organize entrepreneurs so that they could exchange resources and reduce the fail rate. SEMEA provides information, education, and resources not only to increase chances for success but to accelerate growth. Monthly meetings and events give members an opportunity to network, forge new relationships and get connected! Mastermind groups help entrepreneurs develop the “Entrepreneurs Mindset.” The association is unlike any other. SEMEA is consistent, professional and committed to excellence. They’re focused on providing the best networking experience in Southeast Michigan. Come out and experience the difference!

### TC New Tech
**www.tcnewtech.org**  
**Traverse City, MI**  
**Russell Schindler - President**  
**schindler@sampleserve.com, 231-218-7955**

TC New Tech’s event is free and open to the public. From Traverse City to Alpena, Sault Ste. Marie to Grand Rapids – all are welcome! Up to five presenters each month will take the stage to highlight their new tech products or business ventures. Each presenter will be allowed five minutes to present and five minutes of Q&A (time limits will be politely enforced). Between presenters, the audience is allowed to make brief announcements for things such as job openings, persons seeking employment, and other events happening in the area related to technology. An optional informal social hour is after the meeting for further discussion and networking. The audience is typically made up of technology-minded people and consists mostly of programmers, IT staff, people looking for opportunities for their tech companies, tech companies looking for staff, individuals looking for an investment opportunity, startup founders looking for investors, and tech geeks that like learning about new offerings. Meetings are held monthly on the first Tuesday of every month at 6:00 pm and will last no longer than 75 minutes... guaranteed! The presenter line-up is announced one week before the meetup. The goal of the meetings is to facilitate networking and interaction among technology enthusiasts in northern Michigan.

The Starting Block
www.startingblock.biz
Hart, MI
JANE DOSEMAGEN - Director
tsbi4@frontier.com, 231-873-1432

Since 2006, The Starting Block has served as West Michigan's nonprofit regional kitchen incubator and entrepreneurial center. As a shared-use facility, it helps entrepreneurs start their food-related businesses at reasonable rentals without the initial investment in costly facilities and equipment. The Starting Block offers low-cost kitchen rental, refrigerated, frozen, and dry storage, warehouse space, and office rental. From product development to marketing and outreach, it provides the assistance and support to help people achieve their business dreams. The Starting Block offers a fully-equipped licensed, commercial kitchen as well as two additional commercial, licensed kitchens for specialty and small-scale production, including a USDA-inspected meat processing facility and a dairy production facility with a pasteurizer. The USDA-inspected meat processing incubator facility is the only one in the state, and one of few in the country. Certified staff in food handling and equipment operation are available for assistance and training. The Starting Block kitchens and meat facility are available for use 24 hours a day, seven days a week.

UM Center for Entrepreneurship
www.cfe.umich.edu
Ann Arbor, MI
JONATHAN FAY - Interim Executive Director
734-763-1021

The mission of the Center for Entrepreneurship (CFE) is to inspire and transform the University of Michigan community into entrepreneurial thinkers and doers. The CFE provides active learning experiences to all students and faculty at the university through classes and programs that are designed to teach the skills needed to translate high-potential projects and ideas into the world successfully. In learning these skills, individuals become better prepared to identify and act on opportunities to solve problems in any organization or entrepreneurial endeavor.

UM Desai Accelerator
www.desaiaccelerator.umich.edu
Ann Arbor, MI
ANGELA KUJAVA - Managing Director
amkujava@umich.edu, 734-707-1889

The Desai Accelerator is an intensive program of funding, mentorship, and resources to help early-stage ventures scale and succeed. Startups are accepted in cohorts, and the program culminates with a Demo Day, where each team will pitch to investors. The Desai Accelerator is a collaborative effort at the University of Michigan between the Zell Lurie Institute of Entrepreneurial Studies at the Ross School of Business and the Center for Entrepreneurship at the College of Engineering. While the accelerator is a University of Michigan-supported program, applications are open to the public.

University Research Corridor

www.urcmich.org
Lansing, MI

BRITANY AFFOLTER-CAINE - Program Director
britanycaine@urcmich.org, 734-678-8939

Michigan's University Research Corridor (URC) is one of the nation's top academic research clusters and the leading engine for innovation in Michigan and the Great Lakes region. An alliance of Michigan State University, the University of Michigan and Wayne State University, the URC focuses on increasing economic prosperity and connecting Michigan to the world. In 2015, the three URC universities produced $2.15 billion for research and development, granted degrees to more than 34,500 graduates and contributed $16.5 billion to Michigan’s economy. The URC has also cultivated 210 startup companies since 2002. Among the top eight United States academic research clusters to which the URC benchmarks itself each year, the URC ranked second in the Innovation Power Ranking, an index of R&D, talent, and technology transfer metrics. For the second year in a row, the URC has outperformed university innovation clusters in well-known regions such as North Carolina's Research Triangle, California's Silicon Valley, and Massachusetts’ Route 128 Corridor. The alliance makes Michigan attractive to businesses and talent by training the next generation of highly skilled, in demand workers, finding solutions through innovative research, and fostering an array of international business and academic partnerships.

WMU Business Technology and Research Park

www.wmich.edu/btr
Kalamazoo, MI

BOB MILLER - Associate VP
bob.miller@wmich.edu, 269-387-2072

Western Michigan University’s (WMU) BTR Park fosters mutually beneficial relationships that involve resident businesses, the University and the Kalamazoo community. The private-sector firms located at the Park are recruited from three key business sectors — life sciences, advanced engineering and information technology. The Park is located on WMU's 265-acre Parkview Campus, the home of WMU's highly regarded College of Engineering and Applied Sciences. The proximity to the College and the University's campus wide commitment to the three areas of focus mean opportunities abound for businesses to interact and partner with the faculty and students of one of the nation's largest major research universities.

WMU Homer Stryker M.D. School of Medicine Innovation Center

www.kazoosmic.com
Kalamazoo, MI

SANDRA COCHRANE - Director of Innovation Center
wmedic@med.wmich.edu, 269-353-1823

WMed is a private medical school formed through a collaboration of Western Michigan University and Kalamazoo's two teaching hospitals, Borgess Health and Bronson Healthcare. An integral component of the medical school's research strategy, the Innovation Center supplements the two research floors on WMed's downtown W.E. Upjohn M.D. Campus by providing incubator space that serves to advance research discoveries to commercialization as well as more research experience opportunities for medical school learners. Innovation Center researchers are encouraged to seek a faculty appointment at the medical school to share their expertise with learners, collaborate with other faculty, and to benefit from medical school resources.

WSU Innovation Warriors

www.wayne.thelaunchpad.org
Detroit, MI

AUBREY AGEE  aubrey.agee@wayne.edu, 313-577-1533

Innovation Warriors offers career guidance, resources, and advice to entrepreneurs, innovators, and inventors at Wayne State University. Its primary mission is to show Wayne State University students that starting a new venture is a legitimate career path and an attainable reality. Through regular individual and group consultative sessions, workshops, and networking events, Innovation Warriors is strengthening the entrepreneurial culture at Wayne State University and helping students from every school, college, and campus transform innovative ideas into successful Southeast Michigan startups. Innovation Warriors is committed to fostering the entrepreneurial community and revitalizing the economies of Midtown, Detroit, and Michigan.

Combining backgrounds in patent law, engineering, and public policy, the attorneys who founded Applied Licensing bring value to startup companies through a combination of angel level investment, intellectual property portfolio development, and intellectual property monetization. “We work with startup companies and inventors to construct a cost-effective intellectual property portfolio that supports their strategic business needs, and helps make their companies and intellectual property attractive targets for investment,” explains Thomas Baumgarten, Jr., President of Applied Licensing. “Companies with existing intellectual property assets use Applied Licensing to help monetize those assets and generate additional value through them, including through generation of royalties or sales revenues, or through concluding strategic licensing relationships.”

Applied Licensing also uses its expertise to provide intellectual property portfolio analysis to investors and companies considering an investment in or acquisition of a target company, giving investors and acquiring entities a more informed understanding of the nature of a given deal.

Bringing a “different perspective” to entrepreneurs and venture investors, Cendrowski Corporate Advisors (CCA) provides full service financial consulting to private equity and venture capital general partners, fund principals, and portfolio company management teams in Michigan. CCA has been part of the MVCA membership since 2012, and its experience serving both capital providers and the startups they fund puts CCA in a unique position to guide MVCA members.

“We have extensive experience in tax issues related to venture capital funds as well as their investors and portfolio companies including choice of entity, UBTI, and partnership taxation. Our forensic and investigative services are used by funds and principals for background investigations, asset searches, digital forensics, and non-financial due diligence,” says Harry Cendrowski, founding member and managing director of the firm.

As a longtime member of the MVCA community, CCA is a critical piece of the success of MVCA members, who look to CCA to complete its back office and annual valuation services for the portfolio.
A dedicated member of the Michigan entrepreneurial and investor community, Jaffe Raitt Heuer & Weiss (Jaffe) assists entrepreneurs, startup companies, and growing businesses in all areas of formation, development, and funding, and complex business transactions. A multidisciplinary team of Jaffe lawyers can provide venture firms and their portfolio companies with assistance in entity selection and formation, commercial agreements, intellectual property, employee benefits and compensation, corporate law and governance, finance, venture capital and private equity, private and public offerings, mergers and acquisitions, and tax planning and other areas. Its cross-disciplinary teams provide substantial value when advising a startup or emerging growth business and planning for its growth.

Jaffe partner Sara Kruse is a member of the Firm’s Corporate and Emerging and Growth Business Practice Groups, where she is a trusted advisor to both private and public companies in all aspects of formation, governance, and operations. As a MVCA board member, Kruse uses her experience advising both venture investors and their portfolio companies to create an environment in which members can collaborate and find synergies easily. “Coming from a firm (Jaffe) that’s been a longtime resource for entrepreneurs and investors, it’s been exciting to see the increase in the venture activity and MVCA’s role in that, especially in the last five years,” Kruse said. “It’s been critical to the state’s economic recovery.”

SEAN MCNALLY
mcnallys@pepperlaw.com, 248-359-7317

An MVCA member since 2009, Pepper Hamilton’s connection to the Michigan venture and entrepreneurial community goes much further back than that, when Small Business Investment Company (SBIC) law experts at Pepper Hamilton advised Michigan’s earliest venture funds and helped usher the state’s venture capital industry into existence. Decades later, Pepper Hamilton is still an important partner to Michigan venture funds and their portfolio companies, with the country’s largest and most active SBIC practices in the country. Pepper Hamilton lawyers have assisted more than 280 SBICs with obtaining licensing since 1994, advising on fund formation, including structuring funds and raising private capital; regulatory issues; fund investment activities; and systematic improvements to the SBIC Program.

“It has been exciting to be a part of the growth and maturation of the venture capital community in Michigan over the last 10 to 15 years. I’ve thoroughly enjoyed helping firms thrive and spark the entrepreneurial flame throughout the state,” said Mike Temple, of counsel at Pepper Hamilton.

Pepper Hamilton attorneys also serve as counsel to portfolio companies, and they represent a wide range of alternative capital sources (such as private equity funds, venture capital funds, mezzanine funds and private debt funds) that are licensed as SBICs in their debt and equity investment transactions.

With 177 lawyers located in eight offices throughout Michigan, Varnum Law serves members of Michigan’s entrepreneurial and investment community with innovative programs and high-quality legal counsel and has been a member of MVCA since 2016. Varnum assists emerging companies with all aspects of raising capital, as well as entity formation, shareholder agreements, intellectual property and employment matters. They also work directly with venture capital firms, private equity funds, banks and other lending organizations on their legal needs. As part of its ongoing commitment to supporting startups in Michigan, Varnum created MiSpringboard, a statewide initiative designed to remove some of the barriers associated with starting a business by providing free legal services to Michigan startups. Launched in 2011 as a way of helping Michigan’s then-struggling economy, Varnum pledged to give $1 million in free legal services to businesses and individuals. In 2016, Varnum renewed its commitment to Michigan startups by dedicating a second $1 million in free legal services through the MiSpringboard program. Varnum partner Matt Bower, whose practice focuses on entrepreneurs and startups, works extensively with MiSpringboard. “For most of our MiSpringboard clients, we are helping them with the building blocks of getting their companies off the ground,” Bower said. “Once that groundwork has been laid, an emerging company is much better able to get traction and attract investors or other financing.” MVCA members also rely on Varnum Law for guidance and advice throughout the stages of their businesses.

Bank of Ann Arbor began in 1996 with a simple mission: to give Ann Arbor businesses a local banking option. Bank of Ann Arbor has grown to become Washtenaw County’s second-largest bank, with a major presence throughout Southeast Michigan. Bank of Ann Arbor’s Technology Industry Group, celebrating 15 years in 2017, provides a specialized and full-range of banking and investment management products to emerging and later-stage information technology, advanced manufacturing and life sciences companies, venture capital firms, and angel investors. Its business financing solutions for growing companies include working capital lines of credit, equipment financing, commercial real estate mortgages, acquisition financing, sale and purchase leasing options, letters of credit and business credit cards. For venture capital firm clients, capital call lines of credit have proven to be an especially valuable service offered by the Bank.

A Strategic Plan for Funding Michigan’s Entrepreneurs

Momentum 2021 is the Michigan Venture Capital Association’s (MVCA) five-year strategic plan. It’s a comprehensive roadmap designed to guide MVCA’s future. From policy and advocacy, to communication and marketing, to events and member engagement, the plan establishes MVCA as a vital voice and advocate for the entrepreneurial and investment community. Momentum 2021 is the blueprint that will enable MVCA to expand opportunities for venture and angel investors in support of the growth of entrepreneurs in Michigan.

We Believe
- The future success of the entrepreneurial and investment community in Michigan is dependent on two things: capital and talent.
- As venture and angel investors, we exist because of and for entrepreneurs.
- Our advantage in Michigan is the investment community collaborates and cooperates better than in any other state.
- Michigan can be a top ten entrepreneurial economy.
- Michigan’s entrepreneurial and investment community has had many wins in the past five years but is not yet nationally competitive.

Mission
As the voice of the Michigan entrepreneurial and investment community, MVCA:
- serves as the trusted resource for venture capital and angel investment data;
- advocates for policies that encourage innovation and reward long-term investment;
- convenes the entrepreneurial ecosystem and connects its community members through communications, marketing, and member engagement; and,
- grows and sustains a vibrant and resilient venture and angel investment community.

Vision
To increase the amount of capital and talent available to venture and angel investors so we can fund Michigan’s most innovative entrepreneurs and work closely with them to transform breakthrough ideas into new companies and industries that drive Michigan job creation and economic growth.
Maureen Miller Brosnan  
Executive Director  
As the Executive Director of the Michigan Venture Capital Association, Maureen Miller Brosnan oversees the organization’s strategy and direction and creates awareness and support of Michigan venture capital firms and angel group activity. She has spent 27 years in leadership roles in the non-profit sector, as part of local and state government, trade associations, and the healthcare industry. Maureen is currently a member of the Livonia City Council and has served on the city council for almost 16 years, including election as president and vice president. Maureen is a graduate of Central Michigan University, where she earned a bachelor of applied arts degree in journalism and public relations.

Emily Heintz  
Associate Director  
With a background in economic development, capital markets, and finance, Emily Heintz brings technical and practical expertise to her role as Associate Director of the Michigan Venture Capital Association. Emily supports Michigan’s vibrant venture capital community by developing the MVCA Research Report, planning educational and networking events, managing talent programs, and advocating for Michigan’s entrepreneurial community. Before joining MVCA in 2013, she was a Capital Markets Associate at the Michigan Economic Development Corporation. Earlier, she was the Accounting Manager at Ann Arbor SPARK, a non-profit economic development organization. Emily holds both a bachelor of arts and masters of science in accounting from the Michigan State University.

Molly Theis  
Events & Program Manager  
Molly Theis is MVCA Events and Program Manager, building on her deep expertise in event planning and management. In her role at the Michigan Venture Capital Association, Molly is responsible for planning and executing events that strengthen the association and its communication with its membership. She also executes MVCA programs that attract and retain the best talent for the Michigan venture capital community. A hospitality industry veteran, she has planned and executed hundreds of corporate and social events, from meetings as small as five attendees to gatherings as large as 700 attendees. Molly is a graduate of Central Michigan University, with a bachelor of science in business administration and hospitality services.

Amber Pineda  
Marketing and Communications Manager  
As Marketing and Communications Manager, Amber Pineda strengthens the Michigan Venture Capital Association’s core mission to serve as a statewide voice for Michigan’s growing venture and angel investment community. She is responsible for the development and execution of MVCA’s strategic state and national communication plan designed to tell Michigan entrepreneurs and investors’ success stories across traditional and digital platforms. Amber was formerly a public relations senior account executive at San Francisco-based BOCA Communications where she was responsible for media relations and strategy. Amber earned a bachelor of arts in communication studies and public relations with minors in social work and global studies from Marist College, and a master of science in communication from Illinois State University.

Special thanks to MVCA Summer Intern Scarlett Ong for her integral role in preparing the 2017 Landscape Guide. Scarlett is a sophomore at University of Michigan – Stephen M. Ross School of Business where she is pursuing a B.B.A. with a minor in entrepreneurship. Scarlett has been a willing and capable addition to the MVCA team, spending months coordinating, reviewing and completing Landscape Guide entries for over 200 venture firms, angel groups, service providers and entrepreneurial support organizations. Thank you, Scarlett, for your hard work and dedication to this project and our MVCA mission!
Overview

As the MVCA reaches its 15-year anniversary, we celebrate our association’s success as a catalyst for growth of the venture capital and angel investor community. The MVCA board and staff are dedicated to expanding opportunities for growth of entrepreneurs and venture and angel investors through the following programs, services and publications.

**Research**
MVCA develops and distributes an annual research report, which offers a comprehensive summary of venture capital investment activities across Michigan. MVCA works with the National Venture Capital Association, Pitchbook, the U.S. Census Bureau, and the Angel Capital Association to analyze Michigan’s entrepreneurial and investment activities relative to national trends. The annual research report is the critical source of quantitative information used to unite the Michigan entrepreneurial and investment community into a common voice to drive initiatives that encourage its growth in Michigan.

**Advocacy**
Core to MVCA’s mission is serving as the statewide voice for Michigan’s growing entrepreneurial and investment community. To advance this objective, MVCA educates, advocates, and communicates to legislators, the media, and the general public on entrepreneurial and investment opportunities, challenges, and successes in Michigan.

**Events**
MVCA facilitates the development of a strong network within the Michigan entrepreneurial and investment community and builds connections with out-of-state angel and venture investors through targeted meetings and events.
Outreach
MVCA broadens the reach of the Michigan entrepreneurial and investment community by building relationships and educating national partners on opportunities and trends in Michigan.

- **Immersion Days** are a customized series of all-day meetings, tours and social events intended to familiarize out-of-state investors with the wealth of resources, partnerships and entrepreneurial ideas available in Michigan.

- **Outreach Trips** meet with out-of-state investors to share key research report findings, opportunities and successes. These trips build relationships that can be leveraged by Michigan investors.

Programs
MVCA provides program development assistance to Michigan’s entrepreneurial and economic support organizations on matters targeting Michigan’s talent and capital gaps. In this role, MVCA collaborates with organizations by facilitating research, providing direction, and assembling feedback within the proposed programs’ scope to help shape the ultimate goals and desired outcomes of the programs, so that they best suit the true needs of Michigan’s entrepreneurial and investment community.

MVCA offers several programs funded by the Michigan Economic Development Corporation. These programs have played a critical role in building Michigan’s entrepreneurial and investment landscape:

- **The Michigan Venture Fellows Program** provides grant funding toward salaries to increase the number of venture professionals in Michigan and accelerate the fundraising and deployment of capital into early-stage companies. Venture Fellows are hired for two years by a Michigan-based venture firm and are expected to continue their careers with the firm after the fellowship.

- **ExeConnect** helps organizations and executives better navigate Michigan’s entrepreneurial and investment community. Program users can simplify the path to a meaningful connection by using the Michigan Entrepreneurial & Investment Landscape Guide and Map available in both a printed and web-based interactive, searchable form. Users can also take advantage of the deep connections the MVCA team has in the entrepreneurial and investment community.
With our broad base of experience in capital formation, we provide guidance in:
