NCI Overview

- National program involving 46 States (including Michigan), the District of Columbia and 22 sub-state entities; ~40,000 respondents yearly
- Goal: to assess family and adult consumer *perceptions* of and *satisfaction* with their community mental health system and services
- Michigan has been involved since 2012
- Michigan conducts the Family/Guardian Survey and the Adult Consumer Survey
- Family/Guardian Survey - 500 respondents/year by mail
- Adult Consumer Survey - 400 respondents/year by personal interviews

Table I: Demographic Characteristics of Participants (%)
