

## PROGRAM TAPS RESIDENTS FOR UNDERSERVED AREAS, OFFERS LOAN REPAYMENT

**MIDOCs** is a new, state-funded program set up to expand residency positions in select specialties to recruit and retain physicians in underserved areas in the state of Michigan. MIDOCs residencies may feature a variety of enhanced curricular elements in areas such as ambulatory care, quality improvement, population health, interprofessional collaboration, and care of diverse and underserved populations.

MIDOCs offers up to \$75,000 in loan repayment to residents who enter these positions in exchange for a commitment to practice for at least two years immediately after residency in a rural or urban underserved setting in Michigan approved by the MIDOCs Consortium. Residents must also agree to forego any sub-specialty training for at least two years post-residency.

MIDOCs is a program developed in partnership with four medical schools: Central Michigan University College of Medicine, Michigan State University College of Human Medicine, Wayne State University School of Medicine, and Western Michigan University Homer Stryker M.D. School of Medicine.

### SPECIALTIES MAY INCLUDE, BUT ARE NOT LIMITED TO

- |                             |                   |
|-----------------------------|-------------------|
| + Family Medicine           | + General OB-GYN  |
| + General Internal Medicine | + Psychiatry      |
| + General Pediatrics        | + General Surgery |
